How Do I Get My Refund?

If your financial aid package is more than your bill with business services, you will likely receive a refund. Refunds are sent on the 14th class day each semester. We encourage students to have all of their financial aid in place and charges accepted prior to the beginning of each semester so there is no delay in posting your funds. Refunds can come to students by either check or direct deposit. Refunds are received within 4 business days via direct deposit, while checks can take 10 – 14 business day. If you would like to set up direct deposit, the instructions are below.
