Eric E. Delights Audience

Dynamic performer Eric. E. held a concert at MSU-Northern last Tuesday. The singer/guitarist brought a driving acoustic sound that touched on many styles, and was especially rhythmic. He displayed a unique ability to make his audience feel personally involved by offering pieces from various eras, playing tunes that listeners of all ages remembered and cherished. Though Eric E. did not use any drum machines or synthesized backup parts, listeners still commented that he "sounds like a whole band," using purely the 'unplugged' sound of his voice and guitar.

Northern Helps with "Havre Reads for Peace"

Last Friday, MSUN students and volunteers took part in the Havre Reads for Peace event as part of the Martin Luther King Jr. Day of Service. The Northern students and volunteers read books about Martin Luther King Jr. and racial equality to elementary students from Head Start through third grade. The Skylights basketball team read to students at Lincoln-McKinley Elementary School while the men's basketball team read to students at Highland Park School. Various other Northern volunteers read at the Head Start location. Children and volunteers, alike, had a grand time sharing stories and time together celebrating King's longstanding legacy of peace.

MLK White Balloons Peace Walk

In celebration of Dr. Martin Luther King Jr.'s birthday, the Office of Diversity Awareness and Multicultural Programs (ODAMP) organized a white balloons peace walk on January 15. Participants, including Northern Lights athletes, were very enthusiastic despite the cold temperature. The walk concluded between the Hagener parking lot and the SUB Ballroom, with a brief gathering. Student Tyler Chandler, one of the Northern Lights, read a short biography of Dr. King. Cristina Estrada-Underwood, director of ODAMP, delivered a short speech about the legacy of this remarkable leader. Participants departed the event with white balloons to their residence halls, houses, or offices as a symbol of non-violence and justice.

Chi Alpha Attends Regional SALT Conference

Last Friday, Northern's Chi Alpha club carpooled across the state to attend the SALT (Student Activist Leadership Training) North Big Sky conference in Dillon, Montana. The group met up with other Chi Alpha clubs from most of the universities in Montana and Idaho. The students enjoyed the energetic storytelling approach to main speaker Dan Baumann's training, as he shared many tales, including an account of the nine weeks he spent imprisoned in Iran. In the afternoons, students attended their choice of breakout sessions on a wide range of skills, from leading small groups and connecting with international students to coping with divorce in families. The Northern Chi Alpha students came back energized and ready to take on the 2016 spring semester.

Native American Activism on Climate Change Issues

Yesterday, University of Montana Professor, Dr. George Price, presented his talk: "Native American Activism on Climate Change Issues and the Global Connections and Implications of this Issue." He offered valuable insight into some of the indigenous viewpoints of climate change issues and suggestions on how we can all help make changes to mitigate these issues, including insight into the creation and maintenance of his own permaculture farm on the Flathead Reservation. Dr. Price offered an indigenous perspective that is not often heard. His position on climate change and insights stimulated thought, discussion, and attendee engagement.

Little River Institute Indigenous Research Conference Request for Proposals

The first annual Indigenous Research Conference sponsored by the Little River Institute will take place on the campus of MSUN this spring, held in conjunction with the Sweetgrass Society Pow-wow. The inaugural conference will be a regional gathering of scholars and students which will take place April 28 - 29, 2016. It is intended to showcase personal experiences, recent research, and current events that impact the lives of Native American students, their families, and their communities in Montana and across Indian Country. The Little River Institute invites both students and faculty at the secondary and post-secondary levels in the region to submit proposals for presentation at the conference. For more information concerning the Request for Proposals (RFPs), please visit the conference website at <http://www.littleriverinstitute.org/> or contact the program director, Erica McKeon-Hanson, at erica.mckeonhanson@msun.edu. Please share the RFPs widely among your colleagues and students.

The Little River Institute on the campus of Montana State University-Northern is funded by the U.S. Department of Education's Native American Serving Non-Tribal Institutions (NASNTI) program with, the aim of providing culturally responsive tutoring and mentoring services, faculty professional development on the topics of cultural responsiveness and technology use in teaching, and a gathering space with mentoring support for the Sweetgrass Society.

Upcoming Faculty Workshops

Tech Snacks: Higher-level Assessment the Easy(ish) Way!

Tech Snacks are 15-minute professional development workshops for MSU-Northern faculty.

This week's topic: "Higher-level assessment, the easy(ish) way!" You want to assess your students' true understanding of a subject. Essays and discussions can assess students' real understanding of a topic, but they take a ton of time to grade. Quizzes are easy to grade, but usually only assess low-level learning like memorization and recall. What if you could accurately gauge how well your students "get" something, without spending hours every week grading papers?

One of Northern's instructors has developed some really cool quiz-based assessments, and we'll show you how you can adapt similar ideas to your subject matter. Developing higher-level assessments takes time and effort but can lead to huge time savings later. Bring your questions, and we'll bring the snacks. Tech

Snacks is happening Friday, January 22 at 10:30 a.m., 11 a.m., and 11:30 a.m. in Cowan Hall, Room 110, and again at 1:30 p.m. and 2 p.m. in the Brockmann Center conference room.

Quality Matters - Anytime Online

Quality Matters (QM) is an organization devoted to effective design in online learning. QM offers professional development workshops and certifications that are available to instructors anytime online. QM also has a system by which instructors can get peer feedback on their online or blended courses. If you are interested, please contact Caleb Hutchins in Extended University.

Upcoming Activities

God of Carnage- Jan. 22-23, 28-30

Montana Actor's Theatre presents, *God of Carnage*. A playground altercation between eleven-year-old boys brings together two sets of Brooklyn parents for a meeting to resolve the matter. At first, diplomatic niceties are observed, but as the meeting progresses, and the rum flows, tensions emerge, and the gloves come off, leaving the couples with more than just their liberal principles in tatters.

The remaining dates for this show are: January 22-23, and 28-30. Evening shows begin at 8:00 p.m. Doors and Backstage Lounge open at 7:30.

Tickets are \$15 for adults, \$10 for seniors, students, and military, \$5 for children 10 and under; and MSU-Northern students/staff/faculty are admitted free with current I.D. Just present your Northern I.D. at the box office, and your ticket is complimentary. Tickets are available on MAT's website or at Fiveheads, Computer Center, Bear Paw Meats, and Bear Paw Montana Realty. This show is not recommended for children due to adult language and content.

Lecture Features Musically Talented Havre Resident, Ms. Mary Stevens - Jan. 26

The Montana State University-Northern, Chancellor's Lecture Series will host "The Power of Music: The Effect of Therapeutic Music on the Mind and Body" with Mary Stevens on Tuesday, January 26, 2016. This is a lecture and harp demonstration. The performance will be at the Applied Technology Center, Hensler Auditorium, at 7:30 p.m. The presentation is free and open to the public.

Scientific studies have shown the value of music therapy on the body, mind, and spirit of children and adults. Stevens is certified as a Clinical Musician through the Harp for Healing, International Harp Therapy Program (IHTP) and Vibroacoustic Harp Therapy (VAHT). She provides therapeutic music, including Vibroacoustic Harp Therapy, to local hospice patients and the residents of two care facilities in north central Montana. In therapeutic music, Stevens brings entertaining programs and hymn sings to the residents of the Northern Montana Care Center, and provides in-room therapeutic harp music to patients in hospice and in the care center and hospital. Many patients and family members have remarked that Stevens's music provided much-needed emotional and spiritual care and was very instrumental in their healing process.

For more information, please call MSU-Northern at (406) 265-3700.
