New Business:

The committee discussed electing a new chair for Fall 2021. Valerie was nominated by two members. Since not all members were present at the meeting, an email was subsequently sent to all committee members soliciting nominations for chair.

The committee was informed that Core Leadership requested a presentation on the progress this committee has made towards the development of a General Education Assessment strategy in response to NWCCU recommendations. Cristy prepared a written chronological summary of the progress made since November 2019 to present, and provided this to the committee. Valerie will present this information to Core Leadership before the end of the semester.

The committee then worked to create definitions and outcome statements for each of the three draft general education Core Learning Outcomes: critical thinking, integrative learning, and social and cultural perspectives.

Meeting adjourned at 1:57 p.m.
