Montana Board of Regents
LEVEL I REQUEST FORM

Item Number: _____ Meeting Date: _____

Institution: Montana State University-Northern CIP Code: _____

Program Title: M89 Community Leadership minor

Level I proposals are those that may be approved by the Commissioner of Higher Education or the Commissioner's designee. The approval of such proposals will be conveyed to the Board of Regents at the next regular meeting of the Board. The institution must file the request with the Office of the Commissioner of Higher Education by means of a memo to the Deputy Commissioner for Academic and Student Affairs, by no later than five weeks prior to the final posting date for the next scheduled meeting of the Board. The Deputy Commissioner will review the proposal and respond to the proposing campus with any questions or concerns within one week, allowing the proposing campus one week to respond before the Item is posted for the BOR scheduled meeting.

X A. Level I (place an X for all that apply):

Level I proposals include campus initiatives typically characterized by (a) minimal costs; (b) clear adherence to approved campus mission; and (c) the absence of significant programmatic impact on other institutions within the Montana University System and Community Colleges. For Level I actions on degree programs or certificates, the process must begin when the proposing campus posts its intent on the MUS academic planning web site.

2. Adding new minors or certificates where there is a major (Submit with completed Curriculum Proposals Form)
3. Adding new minors or certificates where there is an option in a major (Submit with completed Curriculum Proposals Form)

5. Program revisions (Submit with completed Curriculum Proposals Form)

Montana Board of Regents

LEVEL I REQUEST FORM

B. Level I with Level II documentation:

With Level II documentation circulated to all campus chief academic officers in advance, the Deputy Commissioner or designee may propose additional items for inclusion in the Level I process. For these items to move forward, the Deputy Commissioner or designee must reach consensus with the chief academic officers. When consensus is not achieved, the Deputy Commissioner or designee will move the item to the Level II review process.

 1. Options within an existing major or degree (Submit with completed Curriculum Proposals Form);

 2. Eliminating organizational units within larger institutions such as departments, divisions and colleges or schools *with the exception of the Colleges of Technology where changes require Board action* (Submit with completed Curriculum Proposals Form)

 3. Consolidating existing programs and/or degrees (Submit with completed Curriculum Proposals Form)

C. Temporary Certificate or A.A.S. degree programs

Certificate or Associate of Applied Science Degree Programs may be submitted as Level I proposals, with memo and backup documentation, when they are offered in cooperation with and /or at the request of private or public sector partners and the decision point to offer the program is not consistent with the regular Board of Regents program approval process. Level I approval for programs under this provision will be limited to two years. Continuation of a program beyond the two years will require the normal program approval process as Level II Proposals.

All other Level I Certificate or Associate Degree programs may be placed on submission at any Board of Regents meeting. They will be placed on action agendas at subsequent meetings. All campuses agree to insure that all other campuses receive program information well in advance of submission.

D. Campus Certificates

Although certificate programs of 29 credits or fewer may be implemented by the individual campuses without approval by the board of regents, those certificates do need to be reported to the office of the commissioner of higher education and listed on the Montana University System's official degree and program inventory. These Level I proposals will be listed as information items at the next regular meeting of the board.

Please provide a brief explanation & rationale for the proposed revision(s).

The primary purpose of the proposed revision is to include new Community Leadership courses within minor selectives, to remove the unnecessary subcategories within social science selectives, and to increase the selections available within the social sciences category. In addition, we propose eliminating the volunteer practicum/cooperative education requirement, replacing cooperative education as a social science selective.

Please provide in the space below a "before and after" picture of the program with the changes in the program noted. Attach appropriate Course Revision Forms. Please indicate changes by shading the appropriate cells.
