### PROGRAM/DEGREE REVISION FORM

NEW \_\_\_\_\_ DROPPED \_\_\_\_\_ MAJOR REVISION  X  FOR INFORMATION ONLY \_\_\_\_\_

College Health Sciences Program Area Integrated Health Sciences Date 2/10/21  
 Submitter [Signature] Dean [Signature] Date 3/1/21  
Signature (indicates "college" level approval)

**Please provide a brief explanation & rationale for the proposed revision(s).**

*The changes reflect a more general program core and more specific concentrations. The more specific concentrations allow us to seek CAAHEP accreditation. Much of the change is re-organization of existing courses but there are some new courses: Understanding obesity has been taught as special topics for a couple semesters and is now being added as a regular course. Contemporary Epidemics is a newly developed course that will replace HTH 391 (special topics). AHMS 144, HTH 475 and KIN 483 are both MUS courses but have not been taught at MSU-Northern. All other courses are already being taught at MSU-N. Note a previous revision to this program was approved at the end of 2019-20 but has not been changed activated yet. This revision re-replaces the 2019 revision and is more complete as it addresses our new understanding of CAAHEP guidelines.*

**Please provide in the space below a "before and after" picture of the program with the changes in the program noted. Attach appropriate Course Revision Forms. Please indicate changes by shading the appropriate cells.**
