THE VALUE OF YOUR TRADES MANAGEMENT DEGREE

The Trades Management degree is the perfect choice for working professionals who want to move into management in a technical field while staying in the workforce. Offered both online and face-to-face, this bachelor's degree provides students with knowledge in accounting, business, management or entrepreneurial training to take your career to the next level.

This one of a kind program in the State of Montana provides Associate of Applied Science graduates the opportunity to complete their Bachelor of Applied Science in just two years of online classes. With Northern's reasonable price tag and responsive faculty members, this program is a great option for any working professional looking to move up in their career. This program is ideal for students who have an Associate of Applied Science in Plumbing, Electrical, Carpentry, Culinary Arts, Aircraft Maintenance, Automotive, or Diesel.

15 TO FINISH

WANT TO GRADUATE ON TIME? SAVE MONEY? GET BETTER GRADES?

15

You're going to need 15. That's the number of credits you need to take each semester to graduate on time. Sure, you can take less and still receive some scholarships and funding. But unless you take 15 credits a semester (or 30 a year), you're looking at an extra year or more in order to graduate. Know the courses you need to graduate, and meet with your advisor to map out a plan to earn your degree on time.
