THE VALUE OF YOUR CIVIL ENGINEERING TECHNOLOGY DEGREE

Montana State University-Northern's Civil Engineering Technology BS program is accredited by the Engineering Technology Accreditation Commission of ABET, 111 Market Place, Suite 1050, Baltimore, MD 21202-4012, telephone: (410) 347-7700. ETAC-ABET is the sole organization authorized by the U.S. Department of Education for accrediting programs of this type.

Graduates of the Bachelors degree program that pass their Fundamentals of Engineering (FE) Examination are qualified, under state law, to pursue a career as engineers in training. With the FE and four years of progressively responsible experience and other criteria as set out by the Montana Board of Professional Engineers and Land Surveyors graduates may sit for their Principles Practices of Engineering Exam (PE).

15 TO FINISH

WANT TO GRADUATE ON TIME? SAVE MONEY? GET BETTER GRADES?

15

You're going to need 15. That's the number of credits you need to take each semester to graduate on time. Sure, you can take less and still receive some scholarships and funding. But unless you take 15 credits a semester (or 30 a year), you're looking at an extra year or more in order to graduate. Know the courses you need to graduate, and meet with your advisor to map out a plan to earn your degree on time.
